1. DDM&S 7D-18 Hqrs.			<p>Bill -</p> <p>Some two weeks or so ago, during my attendance at your 9:00 a.m. Daily Meeting, an interesting discussion took place on "teleconference", motivated by your recent visit to Norfolk.</p> <p>I discussed this matter with [redacted] and, as a result, he has produced the attached paper describing both capabilities and possibilities. I am sending a copy of the paper to the other Deputies and will invite from them, as I do from you, any comments. While paragraph 8 is not the most essential part of the document, I must admit, in honesty, we felt it appropriate to "state the claim".</p> <p>Signed: John F. Blake</p> <p>John F. Blake</p> <p>Att Orig of Memo dtd 26 July 74 for DCI, thru DD/M&S, fr D/CO, subj: Availability of Teleconference Circuits.</p>
